TP-Link Archer AX10 | AX1500 Wi-Fi 6

Product catalog summary (reference)

Independent product reference | English | 22 November 2026

Archer AX10 - AX1500 Wi-Fi 6 Router

• Dual-band Wi-Fi 6 for everyday home connectivity and multiple connected devices.

• Up to 1201 Mbps on 5 GHz plus 300 Mbps on 2.4 GHz (theoretical PHY rates).

• OFDMA helps share wireless airtime across supported clients; beamforming focuses coverage.

• Four external antennas and five Gigabit Ethernet ports (1 WAN + 4 LAN).

Ideal use

• Home broadband sharing, streaming, web browsing and wired connections to PCs, TVs and consoles.

• Compatibility and features may vary with firmware version, region and hardware revision.

What to check before purchase

• Confirm Archer AX10 model, hardware revision, region, warranty provider and included power adapter.
