Rapoo H102 | Warranty Reference

Warranty information reference - NOT a warranty certificate or proof of coverage

Manufacturer regional terms

Rapoo Middle East FAQ: headsets have a 1-year warranty from original purchase date, subject to terms.

Rapoo Europe support: 2 years for products purchased from authorized retailers, subject to terms.

Iran market

One Iranian retailer lists an 18-month Pana warranty for H102. This is a seller listing, not independent confirmation of coverage for your unit.

The applicable warranty depends on the importer, invoice, region and warranty card.
