Rapoo X2100 Wireless

Product catalog sheet (reference)

Overview

Rapoo X2100 Wireless is a compact office desktop bundle that combines a full-size keyboard and wireless optical mouse with one USB receiver.

Key benefits

Wireless 2.4 GHz operation; numeric keypad; multimedia shortcuts; quiet mouse clicks; 1200 DPI optical tracking on the Silent variant.

Intended use

Home offices, school and general productivity on USB-enabled computers.

In the box

Keyboard, mouse, USB receiver and documentation; included batteries and exact contents may vary by market.

Ordering note

Confirm X2100 vs X2100 Silent, regional keyboard layout, color and local warranty before purchase.

Model naming note: Product listings use both X2100 Wireless and X2100 Silent. Exact package/revision specifications should be checked against the unit label. These reference sheets are independently prepared and are not official Rapoo documents.
