Product Catalog Sheet - Reference Summary

Product reference document | English | 22 November 2026

Product name	Silicon Power Jewel J80
Variant	32GB - Titanium
SKU	SP032GBUF3J80V1T
Connectivity	USB 3.2 Gen 1 Type-A
Body	Capless zinc-alloy housing
Size / weight	44.0 x 18.0 x 4.5 mm / 5.9 g
Warranty	5-year limited manufacturer warranty

Compact, minimalist flash storage designed for easy everyday carrying.

A circular integrated loop makes the device convenient to grip or attach to a keyring.

COB (Chip on Board) construction is described by the manufacturer as offering protection against water, dust and vibration; it does not establish a specific IP rating.

Manufacturer does not publish model-specific read/write throughput figures for this SKU.
