Rapoo X2100 Wireless

Warranty information (reference, not certificate)

Warranty verification

The applicable warranty is determined by the seller, importer, country, proof of purchase and product serial number. This PDF is NOT a warranty card or proof of coverage.

Before requesting service

Keep your purchase invoice, packaging and model label. Check the terms supplied by your authorized local seller.

Common service checks

Confirm correct battery polarity, replace depleted batteries, and test the USB receiver in another USB port. Do not disassemble the device.

Iran-specific note

No Iranian warranty issuer, term, or coverage has been independently verified for this specific unit.

Model naming note: Product listings use both X2100 Wireless and X2100 Silent. Exact package/revision specifications should be checked against the unit label. These reference sheets are independently prepared and are not official Rapoo documents.
